

## **REDEMPTION FOR FAMILIES.**

In the Name of Yeshua and under the Blood of the Lamb, I call to attention and speak to every slumbering spirit of myself, ..... to awake to the sound of ABBA Father's voice. Be stirred afresh by the Author of Life. I bless the revelation of YHVH that will come to us in ways that our spirit can recognize it. We will draw near to YHVH and He will draw near to us. In Yeshua's Name.

I ask for the release of the sound of ABBA Father's celebration song over our lives, so that we can hear the celebration song of our identity in You, so that we know with our spirit that ABBA's Spirit yearns for us and loves us for we are the one's whom He created and gave life to.

I bless our feet with returning to ABBA's heart, and walking on the ancient paths and highway of holiness and with being healed of every kind of lameness that affect our spiritual journey. I proclaim that our generational blessings and anointing contained within us, will far outweigh the weakness of any sin, rebellion and iniquity expressed in us. I bless the deposits of righteousness within us. I cry out for the restoration of everything that has been lost and that belongs to us and our family line. I bless that everything will be restored to its original splendor. I bless the repairing of the foundations and restoration of the temple of YHVH in our life as in Job 14: 7 – 9.

ABBA Father, I ask that You will remove the load from us, and the weight of our spirits, the negative and painful imprints and replace it with reality and assurance that Your Home will always be a safe place. I ask that our pain will be transformed into something wonderful and powerful. I bless our spiritual eyes with seeing where You stood by our side and shed Your own tears. I bless our hearts with the revelation of Your nearness and redeeming love and Your True Nature.

I ask for understanding to be released for us, for we have rebelled against the authority of our Heavenly Father, for we have dishonored You through this sin. I ask You to forgive us in the Name of Yeshua. Lord, I ask You to put the desire in us, to walk in submission under You and that we can completely trust You, in authority and power over all things in us. I ask that Holy Spirit will invade us and the call of Wisdom go out and be heard in us. Lord I ask that we would bring Your sound of Truth and the Gospel to those around us and bring all things into alignment, harmony, perfect synergy and synchronization under one Head that is Yeshua.

Lord, I ask that You would wash away our hurt and disappointment in the human spirit that have come from not knowing how to walk in intimacy with our ABBA Father, Yeshua and Holy Spirit. I bless and release the Spirit in us to discover and walk in intimacy with the ABBA Father, Yeshua and Holy Spirit.

Lord, please bless us with learning to follow Your dance, being caught up in Your motion and with keeping in step with Your Spirit. I bless and release the sound of joyful celebration in us as we set free our innermost being, fully at peace with YHVH and ourselves.

Lord, please bless us and call us to take our place within the spiritual house that is being built in us, with Yeshua the Cornerstone. As in 1 Peter 2: 4-6 and verse 9.

I call forth the synchronization with ABBA Father's eyes that is so needed to walk in intimacy with Holy Spirit, receiving, hearing, loving and obeying Your counsel, for Light to flow to our spirit, aligning it correctly with the soul and body, hushing the noises of our souls. I ask You, ABBA Father that You would return to the moment in

time where we were conceived in the womb and to when we received our first wound to our identity. I ask that You would apply the healing Balm of Yeshua and Holy Spirit.

May our Great Shepherd wash these places in all Time, Space and Dimension, for by His stripes we are healed. Lord, I ask that You will heal our spiritual DNA and that You will replace it with that of Yeshua's.

Lord, I ask that You will work in our hearts so that we would leave our baggage on the porch and enter into what You have prepared for us. Only with empty hands and an open heart can we receive the best gifts that You desire to give us. I ask for rest in our own spirit, for we have been tossed and battered by the Law, religious spirit, the will of man and the demonic. I ask that we will be released into the flow of Holy Spirit with the calm assurance that You are in control.

Lord, I ask that Your stillness will be in our hearts and minds so that other voices no longer dominate, distress or disturb us. May Your voice be distinct in our lives. Lord, please bless us with new hope, vision, purpose, strength and courage. Lord, I ask that You would bless us with the ability to distinguish between spirit and soul, Truth and error, Light (YHVH) and darkness, the Love of YHVH and the love of this world, the temporal and the eternal. In Yeshua's Name.

Lord, I ask You to bless us with being able to make choices in the Light of what is unseen and eternal.

Lord, please bless our spirit with being rich in faith, hope and love, and that You will shine brightly in us like the stars in the universe as we learn how to walk in intimacy with the One True YHVH, Father, Son and Holy Spirit.

ABBA Father, please bless us with the same trust that the Son of YHVH had in His Father when He walked this earth, which sustained Him in the Garden of Gethsemane and took Him through the events of His cruel death, because He knew there was a far better afterwards.

I proclaim that ABBA Father has given us what we need through His Son, Yeshua, to begin rewriting the script for our DNA and I ask that we will have the faith to see inwardly, what we do not yet see in the natural.

Lord, I thank You that no bombs will go off because Holy Spirit is with us and goes out before us today. I seal this prayer with the Blood of the Lamb. And I pray all in Yeshua's Name.

Amen.
